Aprašymas

Fanttik V8 Apex cordless portable car vacuum cleaner (blue)

The Fanttik Slim V8 Apex is a compact, cordless car vacuum cleaner with a maximum suction power of 19,000 Pa, equipped with 10 interchangeable cleaning attachments. It is an improved version of the Slim V8 Mate model, offering greater power (19 kPa vs. 12 kPa) alongside additional blower, inflator, and air extraction functions.

Multifunctional operation

The device combines the functions of a vacuum cleaner, blower, pump, and air extractor. Thanks to the extensive set of accessories, you can effortlessly remove debris from hard-to-reach places, clean upholstery of pet hair, stoke a barbecue fire, or inflate mattresses and balls. The air extraction function also makes it easy to compress vacuum storage bags.

Advanced accessories

The set includes attachments that allow you to adapt the device to various tasks. The crevice and flexible nozzles let you reach narrow spaces, the soft-bristle brush removes stubborn dust, and the rubber and universal brushes are suitable for various types of surfaces. The blower attachments allow for quick inflation of swim rings, balls, or air mattresses.

High suction power

The brushless motor, spinning at 80,000 RPM, generates a constant power of up to 45 AW, allowing for the effective removal of sand, dust, and larger debris. Two operating modes—Eco (up to 40 minutes) and Max (up to 13 minutes)—allow you to adjust the power to the type of dirt. An improved drive system ensures stable airflow throughout the entire operating cycle.

The device weighs just 498 g, which is about the same as a standard bottle of water, making it easy to operate with one hand. The compact shape and included bag make it easy to store the device and its accessories in your car. The dust container opens with a single button, and the HEPA filter traps up to 95.99% of dust. The set also includes a spare filter.

Fast charging

Thanks to the integrated USB-C port, the battery can be fully charged in about 2.5 hours using a car charger, wall charger, power bank, or computer. This allows you to easily recharge the device anywhere on the go.
