Aprašymas

Fancy letting the hip-hop beat vibrate through your body or prefer to relax to delicate classical music? With the "Spirit Calypso" over-ear headphones, the beat is completely in your hands with switchable bass amplification - if you want 60 hours of non-stop rhythm in your ears.

Extra bass boost

To feel the beat through your body: wireless headphones with additional bass amplification, can be switched on or off depending on the music style via the multi-function button

60 hours of battery life

Rich sound: whether it be music, a podcast or an audio book - with 60 hours of battery life, the over-ear headphones never miss a beat, even on the go

Multi-point technology

Casual change: favourite play list on the mobile phone, audio book on the tablet, calls on the business smartphone - multi-point allows the simultaneous connection of the headphones to two Bluetooth devices

Folding ear pads

Travel or peace and quiet: when the Bluetooth headphones are not needed, simply fold up the ear pads and carry the headphones in a space-saving manner in your luggage or put them to one side

Very soft ear pads

Comfortably from audio book to audio book and from album to album: thanks to their very soft ear pads, the over-ear headphones are comfortable to wear for at least as long as the battery lasts

Padded and adjustable headband

Relaxed head, cool beat: the padded headband can be custom-adjusted to the shape of your head so that the wireless headphones fit comfortably even on a long train journey

Passive noise suppression

The self-contained, ear-enclosing design reduces any unwanted external noises so that you can enjoy your music without interruption

Direct access to Siri and Google Assistant

Supports the voice assistants Siri and Google Assistant: Bluetooth pairing and a multi-function button allow direct access - without having to hold the smartphone

Multi-function button

Easy to use: control call and smartphone functions via the four multi-function buttons directly on the wireless headphones' ear pads (e.g. take / make / reject calls / last number redial / music / volume)

Integrated microphone

Thanks to the integrated microphone you can easily switch between music playback and call answer. So you will no longer miss a call when listening to music.
