Aprašymas

Uperfect UMax21 21,5'' 1920x1080 120Hz portable touchscreen monitor

The Uperfect UMax21 M215E02 is a 21.5'' portable monitor that enables comfortable work with documents, sheets and visual content. The IPS matrix displays images at a resolution of 1920 x 1080 pixels and supports a refresh rate of 120 Hz. Ten-point simultaneous touch support enables intuitive navigation without the need for a mouse. The device reproduces 100% of the sRGB and 72% of the NTSC color space and displays 16.7 million colors. An adjustable stand allows you to change the tilt angle, and VESA compatibility makes it easy to mount in your workspace.

Clear image

The 21.5'' Full HD screen with a resolution of 1920 × 1080 pixels allows you to comfortably display multiple elements simultaneously. Thanks to the characteristics of the IPS matrix, the image remains legible regardless of the viewing angle. The brightness of 280 cd/m² makes it possible to work in standard lighting conditions, and the contrast of 1300:1 affects the good visibility of details in darker parts of the image.

Touch operation

The touchscreen responds to ten points simultaneously, allowing smooth and direct interaction with the displayed content. This type of solution makes it easier to work with maps, charts, tables and other materials that require quick viewing or editing.

Smooth performance

A refresh rate of 120 Hz provides noticeably better image smoothness than standard 60 Hz. The matrix supports 16.7 million colors (6-bit + FRC), so tonal transitions are uniform and free of artificial banding.

Adjustable positioning

The monitor features an integrated stand that allows you to adjust the tilt angle from 0 to 90 degrees. Such a design works well for mobile work and in situations where you need to quickly adjust the position of the screen to the current conditions. The case supports mounting in the VESA standard with M4 × 5 mm holes, allowing the monitor to be installed on an arm, desk or wall mount.

Included:

- Portable touchscreen monitor
- Power adapter
- HDMI cable
- USB-C to USB-C cable
- USB-C to USB-A cable
- User manual
