Aprašymas

The tractor is Farmer Paul's pride and joy. Without it, he would never get his work done. Effortlessly, he dumps the hay bales into the trailer with the front loader. Then, at the farm, he simply opens the flap and dumps out the whole trailer contents. It couldn't be easier! And if the engine sounds funny, he simply opens the hood. Most of the time he can figure out what the problem is himself.

Farmer Paul uses the tractor to transport the bales of straw from the field to the farm to fill the stables. First he heaves the hay bales into the big front end loader shovel, and then he dumps the bales from there into the trailer. This way, he can transport a lot of hay at once and doesn't have to drive back and forth as often. Back at the farm, he simply opens the trailer's flap and empties his load. His faithful Goldendoodle always accompanies Paul on his rides, so the two of them don't get bored with the heavy work.
