Aprašymas

With the Airy Fryer 25L air fryer you can fry any dish in large quantities, using just a spoonful of oil to obtain healthy and tasty frying at the same time. Thanks to its 25 liter capacity, with Ariete's Airy Fryer 4629 you can cook many recipes! French fries, but not only that, also croquettes, fish, meat and many other breaded foods, both frozen and ready to fry, and fresh and freshly breaded, thanks to the 15 cooking functions. How does the air fryer work? The air fryer cooks thanks to the high temperature air, adjustable up to 230°C, which circulates at maximum speed and 360° inside the cooking chamber and guarantees uniform distribution of heat inside. It is precisely the hot air that allows for homogeneous cooking of the dishes and the formation of a crunchy crust on the outside, which has nothing to envy to traditional frying. Thanks to the hot air, there will be no need to add a lot of oil to obtain tasty fried food, because a simple spoonful will suffice, in this way you will bring lighter but tasty food to the table for the whole family. From the large digital display you can adjust cooking times, programs, temperatures and timers. Airy Fryer 25L is multifunctional: Preheating, Airfry, Toast, Roast, Rotisserie, Sweets, Bagels, Pizza, Grill, Defrosting, Proving, Drying, Slow cook, Heating. Airy Fryer 25L has 2 pluses: the rotisserie set and the rotating basket. The Airy Fryer 25L air fryer is easy to clean thanks to the crumb tray and has a low environmental impact, because it does not produce waste oil, which is one of the most difficult to dispose of waste in circulation.

Techninė specifikacija

Features	
Capacity	25 L
