Aprašymas

Desktop Fast-Charging Station - Smart and Safe 200W USB-C Charger for 10 Devices at Once

The Manhattan 10-Port USB Type-C Charging Station is the ultimate charging hub for busy households, offices, and shared workspaces. Plugging into any standard wall outlet, it keeps tablets, phones, cameras, Bluetooth headphones and portable game consoles charged and ready to go - all in one organized location. Ten wide bays fit most devices in their cases, keeping the countertop clean and clutter-free. That means everything can charge in one place, without having lots of chargers plugged into a power strip or devices spread all over your desk. It also means you'll have some freed-up USB chargers to stow in a bag for when you need to charge devices away from home or the office.

Safe and high-powered multi-device charging on 10 ports simultaneously

This desktop charging hub is ultra-powerful with 10 ports pumping out a total of 200 watts of power, which means simultaneous higher-powered multi-device charging. An adaptive smart chip detects and delivers the optimal charging current for connected devices. Ten USB-C Power Delivery (PD 3.0) ports deliver up to 20 W per port so newer iPhones®, iPads®, Samsung® Galaxy Tabs and other PD devices can have full batteries in a short amount of time. All ports feature smart, built-in safety measures to prevent short-circuits, over-voltage, over-current and overheating.

Great for families and offices

Tech-savvy families often own two or more mobile devices per family member, with big charging needs. Bring them together with this extensive fast-charging solution and enjoy a phone-free dinner table. In offices and conference rooms, it gives your co-workers access to charging when they need it.

Techninė specifikacija

Performance	
Charger type	Indoor
Charger compatibility	Mobile phone, Smartphone, Tablet
Power source type	AC
Number of simultaneously connected devices (max)	10
USB Type-C ports quantity	10
Fast charging	Yes
USB Power Delivery (USB PD)	Yes
USB Power Delivery revision	3
Power protection features	Overload, Charge overcurrent, Overheating, Over voltage
Design	

Product colour	White, Grey
Cable length	1.5 m
Power	
Input voltage	100 - 240 V
Input frequency	50/60 Hz
Input current	3 A
AC adapter power	20 W
Port 1 output power	20 W
Port 2 output power	20 W
Port 3 output power	20 W
Port 4 output power	20 W
Port 5 output power	20 W
Port 6 output power	20 W
Weight & dimensions	
Width	128 mm
Depth	235 mm
Height	83 mm
Weight	1.33 kg
Packaging data	
Package width	165 mm
Package depth	240 mm
Package height	90 mm
Package weight	1.53 kg
Package type	Box
Operational conditions	
Operating temperature (T-T)	0 - 40 °C
Storage temperature (T-T)	-20 - 80 °C
Storage relative humidity (H-H)	5 - 90%
Packaging content	
Quantity per pack	1 pc(s)
Cables included	AC
Manual	Yes
Certificates	
Compliance certificates	CE, REACH, RoHS, UKCA
