Pagrindinės savybės

- ✓ Indoor Digital signage flat panel Black
- ✓ 165.1 cm (65") 3840 x 2160 pixels LCD 700 cd/m²
- ✓ Direct-LED 50 Hz 8 ms
- ✓ Dolby Vision, High Dynamic Range 10 (HDR10), Hybrid Log-Gamma (HLG)
- ✓ Ethernet LAN Wi-Fi
- ✓ Built-in speaker(s) 20 W

Aprašymas

Superlative picture quality. Made for professionals.
Engineered to perform flawlessly in demanding retail, corporate and educational environments, the FW-65BZ40L is the truly professional display. It’s packed with Sony innovation – including latest Deep Black Non-Glare technology – for impressively bright, high-contrast 4K HDR images with sumptuous colours and exquisite detail. Pro-friendly features simplify integration, easy operation and seamless content sharing in today’s connected AV environments. And with generous customisation options, the FW-65BZ40L is the premium LED display that fits right in with your business needs.

Deep Black Non-Glare

Featured exclusively on BRAVIA BZ40L, Sony’s Deep Black Non-Glare Coating combines anti-glare and low-reflection technologies. Reducing reflections and boosting contrast, it’s the key to dynamic visuals bursting with true-to-life colour and detail that inspire everyone, from corporate visitors and staff to shoppers and students.

Exquisite images that always stand out

Our 65” FW-65BZ40L grabs your audience’s attention with extremely high 700 nit screen brightness for punchy, high-impact visuals that are always seen clearly. Advanced Sony picture processing technologies ensure your content looks its very best. The panel’s extra-wide viewing angle ensures that everyone in the room can enjoy clear, bright images wherever they’re positioned.

Richer, more natural colour

Sony’s power-packed 4K HDR Processor X1 and TRILUMINOS Pro technology faithfully reproduces a phenomenal range of rich, true-to-life colours.

Finer detail

4K X-Reality PRO processing upscales pictures closer to true 4K quality. Images are sharpened and refined in real time, revealing extra detail from lower-resolution picture sources.

Smoother movement

Motionflow XR ensures smoother, more natural reproduction of rapidly-moving on-screen images.

Installation flexibility to suit every environment

The sleek, minimal design of the FW-65BZ40L Series brings impeccable style to any business environment. The display’s elegant lines are further enhanced by practical touches for seamless integration in retail stores, colleges and corporate workspaces.

Wall-Mount Adjuster

BRAVIA comes supplied with a Wall-Mount Adjuster, giving extra flexibility for mounting the display centrally in portrait or landscape orientation.

Side Mounted interfaces

Signal connections, networking and other interfaces are conveniently side mounted for easy installation and access when the display’s in portrait position.

Discreet Logo

The Sony logo is discreetly positioned on the edge of the display’s bezel – with nothing distracting your audience from immersive images.

Landscape, Portratint and Tilt

Install BRAVIA in portrait or landscape orientation to suit any corporate or retail space. The display can also be tilted at an angle for even greater flexibility.

Round the clock reliability

Business never sleeps: BRAVIA is engineered for dependable 24/7 operation in the most challenging corporate and commercial environments.

Special settings for professional use

Pro Settings mode makes doing business even easier, allowing you to customise BRAVIA settings and operating modes to suit the demands of corporate or retail environments. Disable input or remote control functions, schedule on/off times, remove labels and block buttons to avoid tampering when the screen’s being used in public spaces. Customise and store display settings, then copy them easily from display to display via USB flash memory.

Get great pictures fast

Forget fiddling with display settings – focus on getting amazing results without fuss. One Step Setting offers presets tuned to your environment including meeting room, vivid signage, natural signage and graphics. Just pick a preset: BRAVIA instantly configures picture mode, input, control settings and more.

Easy multi-screen setup

Configuring multiple screens for large display applications is easier than ever. The Multi Display Setting (MDS) app helps you create stunning video walls with multiple BRAVIA displays ‘tiled’ together.

Easy integration

FW-65BZ40L is made for today’s connected world. There’s seamless support for today’s leading automation and control platforms, while open APIs simplify integration with other vendor solutions.

Large 32GB internal storage

The internal memory on some other displays is eaten up by the operating system, leaving little space for your own apps and content. FW-65BZ40L doubles internal storage from 16GB to a generous 32GB – giving loads more room on board to hold apps, photos, videos and digital signage.

Signage made simple

Informing and guiding visitors with digital signage in retail stores and corporate spaces has never been simpler. Built-in support for HTML5 makes it easy to display interactive signage content on BRAVIA without the need for a dedicated set-top box, media player or PC. On-board BRAVIA Signage Free (BSF) software automatically plays out HTML content, video and photos when a USB stick memory is slipped into BRAVIA. It’s that simple.

Wireless screen mirroring

Easily mirror content wirelessly from handheld device onto BRAVIA with in-built support for Apple AirPlay and Google Chromecast.

Meet more easily

Get Google Meet from Google Play Store, and pair BRAVIA with a compatible webcam for easy video meetings.

With BRAVIA, sustainability in every scene

With growing demand for ever larger display screens, there is also the risk of greater resource and energy use. However, Sony’s sustainability commitments are realizing efficiency gains from product development right through to customers viewing screens.

Techninė specifikacija

Display	
Display diagonal	165.1 cm (65")
Display technology	LCD
Display resolution	3840 x 2160 pixels
Display brightness	700 cd/m²
HD type	4K Ultra HD
Touchscreen	No
Panel type	IPS

LED backlight	Yes
LED backlighting type	Direct-LED
Native aspect ratio	16:9
Response time	8 ms
Contrast ratio (typical)	1200:1
Contrast ratio (dynamic)	600000:1
Viewing angle, horizontal	178°
Viewing angle, vertical	178°
Display diagonal (metric)	165.1 cm
Colour saturation	92%
Motion interpolation technology	Motionflow XR 240
Supported graphics resolutions	3840 x 2160, 4096 x 2160
Supported video modes	480p, 720p, 1080i, 1080p, 2160p
