Aprašymas

MOVA TPEAK S1 Wireless Speaker

The MOVA TPEAK S1 is a compact speaker designed for listening to music both at home and outdoors. It offers 20 W of power, eye-catching RGB lighting, and a water-resistant design, making it perfect for get-togethers with friends, trips, or everyday relaxation. A modern 45 mm triple-diaphragm driver ensures clear sound and deep bass, while Bluetooth connectivity allows you to conveniently connect the speaker to your smartphone or other device.

Powerful and clear 20 W sound

The speaker is equipped with a 45 mm Triple Diaphragm Driver, which delivers a fuller sound and better audio dynamics. The 20 W output power ensures loud, clear sound both indoors and outdoors. This keeps the music clear even at higher volumes.

Eye-catching RGB lighting

The enclosure features 36 RGB LEDs that create multicolored lighting effects. The lighting reacts to the atmosphere and adds energy during gatherings or parties. As a result, the speaker not only plays music but also sets the mood indoors or at outdoor events.

Connecting multiple speakers

Bluetooth Broadcast technology allows you to connect up to 100 speakers simultaneously. This lets you create a wide soundstage during larger gatherings or events. Device synchronization ensures the sound spreads evenly, enhancing the sense of spaciousness.

Up to 8 hours of playback

The built-in 2000 mAh battery provides up to 8 hours of use on a single charge. This means the speaker can keep you company all day long—from listening to music in the morning, through get-togethers with friends, to relaxing in the evening.

Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš įsigyjant rekomenduojame pasitikrinti aktualią informaciją.

IPX7 waterproof design

The housing meets the IPX7 standard, which means high water resistance. The speaker can handle rain, splashes, or humid environments, making it ideal for trips, picnics, or relaxing by the water.

Various music playback modes

The device supports several audio playback methods. In addition to wireless Bluetooth connectivity, it also features an AUX mode and the ability to play music from a TF card. This allows you to use the speaker even without a connection to your smartphone.

Manufacturer	MOVA
Model	TPEAK S1
