Aprašymas

16-Compartment USB-C Self-Service Charging Kiosk for Phones, Tablets, iPads and with PIN-Locked Compartments and Fast Charging up to 30W This USB-C Charging Kiosk from Manhattan offers a smart and efficient way to charge and store multiple devices in one central location. Designed for shared workspaces, lobbies, universities, schools, libraries, restaurants, and other public areas, it provides sixteen PIN-secured compartments for tablets, phones, and other devices up to 11"". Each user simply places their device inside, closes the door, and sets a personal 6-digit PIN for secure, self-service charging.

Powerful Charging Performance

With a total power of 500 W, the kiosk delivers up to 30W per compartment. Each compartment features both a USB-C Power Delivery cable, supporting fast charging for iPads®, Samsung® Galaxy Tabs, iPhones®, and other USB-C enabled devices - no separate AC adapters required.

Safe, Smart, and User-Friendly Design

A bright touchscreen interface on the front guides users through placing and retrieving their devices. LED indicators show charging progress at a glance - blue when charging and green when fully charged. Built-in protection against overload, overcurrent, short circuit, and voltage spikes ensures reliable performance and device safety around the clock.

Versatile Installation Options

The charging kiosk can be mounted on a wall to save floor space and prevent theft, with all necessary mounting hardware included. It also includes four threaded mounting points on the base for attaching an optional pedestal (available separately, model #181341). Non-slip rubber feet allow secure placement on tables and other surfaces.

Built to Last

Constructed from durable steel with smooth, rounded edges for user safety, the kiosk combines robust build quality with a sleek gray finish that fits seamlessly into any professional environment. Two power cables (C13 to EU and to UK, each 2 m) are included for flexible installation across regions.

Techninė specifikacija

Design	
Type	Portable device management cabinet
Product colour	Black, Grey

Placement	Floor, Wall
Slot width	22 cm
Slot depth	32.8 cm
Slot height	10 cm
Housing material	Metal, Steel, Plastic
Cable management	Yes

Features

Number of devices supported	16
Supported portable devices	Smartphone, Tablet
Device connectors supported	USB Type-C
Maximum screen size	27.9 cm (11")
Power protection features	Overload, Over current, Short circuit, Over voltage
LED indicators	Yes
Locking	Yes
Lock type	Code, Key
Ventilation	Yes
Number of fans	1 fan(s)

Power

AC input voltage	220 - 240 V
AC input frequency	50 - 60 Hz
Total power	500 W
Power per device	30 W
Over voltage protection	Yes

Operational conditions

Operating temperature (T-T)	0 - 45 °C
Operating relative humidity (H-H)	20 - 80%
Storage temperature (T-T)	-15 - 45 °C

Certificates

Compliance certificates	CE, RoHS, REACH, UKCA

Weight & dimensions

Width	670 mm
Depth	331 mm
Height	937 mm
Weight	43.3 kg
