## Pagrindinės savybės

- ✓ Connect to an S2000 Series Scanner quickly and easily – includes everything you need to get started
- ✓ No additional power cord, USB port, or image processing resources needed from your host PC
- ✓ No thickness limitations – bound originals, for example, are held safely and securely flat during scanning
- ✓ Book-edge scanning features lets you capture one page at a time to eliminate blurred or dark imaging in the “gutter” area of a book
- ✓ Save and send files in the format you need – including single- and multi-page JPEG, PDF, searchable PDF, PNG, TIFF, BMP, RTF, etc
- ✓ Takes up less space than a detached flatbed – scanner and flatbed share the same small footprint
- ✓ Support for TWAIN, ISIS, and some Linux drivers

## Nothing can stop you now

It’s the ideal solution to keep your scanning productive and efficient. The A4/Legal Flatbed is fully integrated and attaches to the S2000 Series Scanner with ease.

When you have to scan originals that are bound, bulky, or delicate – you need a flatbed accessory to quickly capture these exception documents. The Alaris A4/Legal Flatbed Accessory is exactly what you need to keep your scanning productive. Now magazines, books, photo enlargements, oversize envelopes, thicker items, bound presentations, and other bulky originals won’t slow your productivity.

## Reliable and safe, no matter what you’re capturing

With streamlined, simplified integration of your flatbed accessory and S2000 Series Scanner – plus valuable capabilities to safely scan fragile and bound documents without risk of damage – you’ll experience reliable performance and peace of mind.

## Features focused on efficiency

With a small footprint, and graceful integration of an Alaris A4/Legal Flatbed Accessory with your Alaris S2000 Series Scanner, you save space efficiently, no matter what size documents you are scanning.
