Aprašymas

The **MikroTik RB912UAG-2HPnD** is a reliable and robust product designed for various networking applications. As part of the MikroTik lineup, this device is engineered to deliver exceptional performance and stability, making it an ideal choice for both home and professional use. With its compact design and advanced features, the RB912UAG-2HPnD stands out in the competitive market of wireless networking solutions.

Equipped with a powerful **2.4 GHz** wireless radio, the **RB912UAG-2HPnD** supports **802.11b/g/n** standards, ensuring high-speed connectivity and reliable data transmission. The device features a **dual-chain** configuration, allowing for enhanced signal strength and coverage. Additionally, it includes a **Gigabit Ethernet** port, providing fast wired connections for devices that require stable internet access.

The **MikroTik RB912UAG-2HPnD** is designed with versatility in mind, making it suitable for various applications such as **point-to-point** and **point-to-multipoint** setups. Its rugged enclosure ensures durability in outdoor environments, while the integrated **high-gain antenna** enhances wireless performance. This model is particularly beneficial for users needing reliable connectivity in challenging conditions.

With its user-friendly interface and extensive configuration options, the **MikroTik RB912UAG-2HPnD** allows for easy management and customization of network settings. This product is an excellent choice for those seeking a dependable solution for their networking needs, backed by the trusted reputation of **MikroTik**. Whether for home use or enterprise-level applications, the RB912UAG-2HPnD delivers the performance and reliability required in today’s digital landscape.

Techninė specifikacija

Matmenys ir svoris	
Matmenys (I × P × A)	12,00cm × 12,00cm × 2,00cm
Svoris	0,10kg
