Aprašymas

The VersaVu® Classic Case for 12.9-in. iPad Pro® (2018) combines leading protection, efficient functionality, and versatile viewing. Carry your iPad® with confidence knowing it’s secure and protected in the custom-molded tray with enhanced corners. The secure magnetic closure keeps it

tightly under wraps. And, like other Targus cases, it offers military grade protection for drops up to 4 feet.

Virtually infinite positioning options and easy rotation let you quickly customize your view. A simple flip transforms your case into a sturdy stand for comfortable typing. Flip again for easy viewing, with smooth rotation from portrait-to-landscape positioning. Deep grooves anchor the edge to ensure stability at any angle. Enjoy added efficiency with an integrated loop for your Apple Pencil® or stylus and a comfortable elastic hand strap. Precision cutouts offer easy access to your controls, ports, and camera. Even your audio gets a boost with the sound-enhancing design.

Military Grade Drop Protection

Minor drops and bumps are no problem for this sturdy, structured case. In fact, the case passes rigorous MIL-STD 810G testing to ensure it can protect your 12.9-in. iPad Pro® (2018) from drops up to four feet.

Easy Portrait and Landscape Viewing

The patented tray design rotates 360°, so it’s easy to switch from portrait to landscape modes and back again and use the stand function in either mode. That way video conferences and FaceTime® aren’t locked into landscape mode.

Full Access, Full Functionality

A full-coverage patented molded tray with reinforced corners allows access to all ports, buttons, and controls. Precision cutouts ensure the camera is accessible for photos or videos without removing your 12.9-in. iPad Pro® (2018) from the case.

Swipe or Type with Ease

The textured, non-slip interior lets you position your iPad® in a virtually infinite range of reading or viewing angles for watching videos or interacting with your screen or flip the cover back for a comfortable typing angle.
