- ✓ Glossy or matte sides to suit your viewing preferences
- ✓ Reusable silicon adhesive strips for quick and easy installation

Aprašymas

The 4Vu™ Privacy Screen is designed to fit the 34" Philips Curve. To protect your information, tiny vertical blinds on the surface of the privacy screen narrow the viewing angle so data is only visible directly in front of the laptop up to 30° away from the centre of the screen. Onlookers will only see a dark unclear screen when attempting to view the information from an angle. In addition to providing security, the screen also blocks glare to help reduce eye strain.

The 4Vu Privacy Screen can be easily attached by using clear double-sided adhesive strips designed for LCD filters. Highly portable and easy to use, the 4Vu Privacy Screen prevents onlookers from seeing valuable information often viewed on a display
