Pagrindinės savybės

- ✓ Cable Organizer & Hider: keep cables concealed and protect cables from the wear and tear
- ✓ Double-Channel System: enables the separation of cords
- ✓ Modular Vertebrae Structure: allows users to add or subtract individual vertebra as required
- ✓ Weighted Base with Iron Block: offers extra stability
- ✓ Easy Setup: tools-free assembly in minutes, no expert installation required
- ✓ Material: ABS

Aprašymas

The Equip Double-channel cable management refers to a system or device designed to organize and route cables effectively, utilizing two separate channels for cable placement. It is commonly used in various settings, such as offices, data centers, entertainment centers, and home setups, to maintain a neat and organized appearance while reducing cable clutter and potential hazards.

The primary purpose of double-channel cable management is to separate and route different types of cables, such as power cords, Ethernet cables, HDMI cables, and audio/video cables, to prevent them from tangling or getting mixed up. By utilizing two channels, one can segregate cables based on their type or function, making it easier to identify and trace specific cables when needed.

Techninė specifikacija

Features	
Type	Cable sleeve
Purpose	Desk
Product colour	Black
Material	ABS synthetics
Country of origin	China
Weight & dimensions	
Width	126 mm
Depth	63 mm
Height	730 mm
Weight	610 g
Packaging data	
Package width	85 mm
Package depth	80 mm
Package height	455 mm
Package weight	710 g
Package type	Box
Packaging content	
Quantity per pack	1 pc(s)
Logistics data	
Master (outer) case width	285 mm
Master (outer) case length	450 mm
Master (outer) case height	470 mm
Master (outer) case gross weight	11 kg
Products per master (outer) case	15 pc(s)
Technical details	
Compliance certificates	REACH, RoHS
Sustainability compliance	Yes
