Pagrindinės savybės

- ✓ Can be used to connect non-PoE IEEE 802.3af/t-compliant devices to a PoE injector or PoE switch
- ✓ Output voltage, selectable: 5, 7.5, 9 or 12 V DC
- ✓ Power output: 5 V / 4 A, 7.5 V / 2.7 A, 9 V / 2.3 A and 12 V / 1.7 A
- ✓ 10/100 auto-sensing input port automatically detects optimal network speeds
- ✓ RJ45 input port with Auto-MDIX and NWay auto-negotiation support
- ✓ Full/half duplex operation
- ✓ Compact metal case
- ✓ LED for link on PoE input port
- ✓ Three-Year Warranty

Aprašymas

Deliver Power over Ethernet to remote devices.

The INTELLINET NETWORK SOLUTIONS PoE+ Splitter allows you to deliver both data and electrical power to non-PoE Ethernet-enabled products using the Cat5 Ethernet cable. Using the PoE Splitter, you can take advantage of Power over Ethernet and place Ethernet-enabled products, such as Network Cameras and Wireless Access Points*, where power outlets are not readily available.

Simplify Installation for an Ethernet-based Device

Having to manage only an Ethernet cable simplifies the physical installation of the device. Without having to worry about the availability of a power source, you can mount Ethernet-enabled products on a ceiling or outdoors, up to 100m (328 feet)** from a power source. The PoE Splitter is simple to install and requires no tools or software.

802.3af Compliant Power over Ethernet

The PoE Splitter can be used to complement any PoE injector unit or midspan switch to provide small to medium-sized businesses a complete end-to-end PoE solution. This unit supports 802.3af and 802.3at, ensuring compatibility with other 802.3af/t PoE-compliant injector units or PSE switches.

Adjustable Power Output

During the setup, the PoE Splitter can be set to power any compatible 5 V, 7.5 V, 9 V or 12 V Ethernet-enabled device via the volt selector located on the side.

* Contact your INTELLINET NETWORK SOLUTIONS reseller for ordering information.

** Maximum distance per 802.3u specifications.

Techninė specifikacija

Features	
Networking standards	IEEE 802.3, IEEE 802.3af, IEEE 802.3at, IEEE 802.3u
Cabling technology	10Base-T, 100Base-TX
Power over Ethernet (PoE)	Yes
Cable standard	Cat5
Product colour	Black
Housing material	Metal
Ports & interfaces	
Ethernet LAN (RJ-45) ports	2
Connector gender	Female
Operational conditions	
Operating temperature (T-T)	0 - 60 °C
Storage temperature (T-T)	-20 - 90 °C
Operating relative humidity (H-H)	10 - 90%
Certificates	

Compliance certificates	CE, Federal Communications Commission (FCC)
-------------------------	---

Certification	FCC Class A, CE
---------------	-----------------

Weight & dimensions

Width	74 mm
-------	-------

Depth	102 mm
-------	--------

Height	22 mm
--------	-------

Weight	445 g
--------	-------

Packaging content

Cables included	AC
-----------------	----

Quantity per pack	1 pc(s)
-------------------	---------

Power

Output voltage	12 V
----------------	------

Output power	25.4 W
--------------	--------
