EXPERT SDS plus-7X for Long Life Drilling Reinforced Concrete

Drilling through reinforced concrete is a tough job, and it has traditionally taken its toll on drill bits. Regular two-cutter bits get stuck in rebar and they eventually break. The Full Carbide Head on the EXPERT SDS plus-7X is an advanced 4-cutter design made from a single piece of the toughest metal: It doesn’t jam and presents no weakness on impact.

Ideal for drilling holes in reinforced concrete, for example:
- Cured concrete
- Hardened reinforced concrete
- Hard stone such as granite and gneiss
