Aprašymas

The equip® 337210 24-Port Fiber Optic Splice Box is a compact and efficient solution for high-density fiber management in rack-mounted environments. Designed in a 1U form factor, it is equipped with LC duplex adapters and supports OS2 single-mode fiber for long-distance, high-performance network applications.

The enclosure provides organized cable routing, secure fiber splicing, and reliable protection for delicate fiber connections. Pre-equipped components simplify installation and reduce deployment time, making it ideal for data centers, telecom rooms, and enterprise networks. Its robust metal housing ensures durability, while the front-access design allows easy maintenance and quick access to connections.

This splice box delivers a professional and scalable solution for structured fiber optic cabling systems requiring stability, flexibility, and efficient space utilization.
