Not only does it reduce clutter, but it also protects your cables and prevents them from being pulled and stretched as you raise and lower your desk. The extendable shelf (from 43 cm to 73 cm in length) offers flexible adjustment for desks of different sizes while the cable slots allow for better cooling and easier access to cables.
With the included cable management straps you can easily and quickly fix and secure the cables. The simple design of the LogiLink KAB0094 in black contributes to the perfect integration into modern desks.
