Aprašymas

A few easy adjustments to your workstation can make a huge difference to your daily routine. Sitting in a chair without proper support can cause poor circulation, back and leg discomfort and overall fatigue which is why the Fellowes Professional Series heavy duty adjustable foot rest is a necessity for maintaining the correct posture as you sit in your office chair to naturally relieve pressure on your back. The Professional Series adjustable foot rest from Fellowes offers you multiple height adjustments so you can easily make any changes to suit your own requirements and ensures you are sitting in a position that is more ergonomically correct and comfortable for you, to adjust it simply apply foot pressure to the foot rest. Featuring a free-floating platform, this ergonomic foot rest allows legs to stretch for increased circulation, improved posture and overall, a more comfortable working environment. Relieve tension in your feet with this Fellowes footrest, which features a textured surface that massages the soles of your feet, allowing you to enjoy a more comfortable and healthier workspace. This foot stool is accredited by FIRA International, an independent Ergonomic Accreditor. Thanks to this foot rest you can relieve back pain by working in front of the computer for long periods of time. In addition, it allows you to improve your posture, by correcting the position of your body, and helps to release tension in the shoulders and lumbar. It adapts to your body due to its adjustable tilt function and its large, embossed surface (56.6 x 34cm). Just place the platform under the table of the office, studio or office.
