Aprašymas

Prevent visual eavesdropping by limiting the viewing angles of your 13in MacBook Air M2/M3/M4 screen

This Laptop Privacy Screen is designed to work with your M2, M3 M4 and M5 13-inch MacBook Air.

Prevent visual eavesdropping

This privacy filter is a convenient and cost-effective solution to protect confidential data from unwanted viewers. The privacy shield darkens your computer's screen from the side while providing a clear viewing angle of 60 degrees (+/- 30 degrees from center) to the user.

Reversible Filter

The privacy screen protector is reversible, with a matte anti-glare side for environments prone to glare and a high-gloss side that helps retain color vibrancy. The matte side provides additional screen protection with a fingerprint and scratch resistant coating. The privacy shield has a light transmittance of 60% providing optimal screen brightness and enhanced levels of privacy.

Hassle-free Installation

Attach the privacy screen shield using the slim built-in magnetic strips. Included protective sleeve to stow away/protect the privacy screen from damage when not in use.

Blue Light Reduction

Reduce eye strain and improve visual comfort by reducing blue light exposure. The 13” MacBook Air M2/M3/M4/M5 screen filter blocks up to 51% of the blue light emitted from the display. Digital eye strain can lead to symptoms like headaches, dry eyes, and blurred vision.
