4 Year Accidental Damage Protection

Pennies-A-Day Protection From Non-warranty Damage.
Protecting Devices from the Unexpected.

Today’s highly mobile workforce knows that **accidents happen**. Drops, bumps, and spills can damage even the most durable and well-engineered tablets, PCs, and Smart Displays. Lenovo’s Accidental Damage Protection (1) service covers accidents beyond the system warranty and **protects your devices** from non-warranty operational or structural failures incurred under normal operating conditions. This service helps IT departments avoid purchasing and managing extra inventory to replace damaged units.

Does My Organization Need Accidental Damage Protection?

Standard warranty terms and conditions don’t cover accidental damage and experience shows that a significant portion of users’ devices will be damaged and not covered under warranty in the first three years. Compared to repair or replacement costs, Accidental Damage Protection saves up to 80% (depending on device type and repairs needed). Lenovo’s Accidental Damage Protection service protects systems from the unintentional but unavoidable “oops” incidents bound to occur in highly mobile and active Modern IT workplaces.

The Cost Of Repair And Replacement

Based on historical Lenovo claims, Accidental Damage Protection can save, on average, 28% versus the typical cost of PC repairs and 75% for tablet repairs. While costs vary by device and the work needed, replacing and repairing commonly damaged components can be expensive:

- $700 System Boards
- $600 Monitors & Display Hardware
- $300 Disk Drives
- $250 Damaged Tablet (minor repairs)
- $800 Damaged Tablet (multiple part replacements)

What Does LenovoAccidental Damage Protection Cover? (2)

When it occurs under normal operating conditions, Accidental Damage Protections covers:
- Accidental drops, spills, bumps, and structural failures
- Electrical surges
- Damage to the integrated LCD screen

What Happens Once Your Claim Is Made?

1. Lenovo uses comprehensive diagnostic tools to identify hidden damage that may be otherwise overlooked. (3)
2. Skilled, qualified technicians conduct repairs using only Lenovo certified parts. (3)
3. Restored PCs are returned to users or, if repairs are not possible, Lenovo replaces at no additional charge. (4)
