3 Year Keep Your Drive

When Data Security Matters To You

Trust Lenovo to cover the full lifecycle of your IT assets and free up your technicians to focus on what counts. A true business partner dedicated to your satisfaction and success, Lenovo offers a portfolio of service and support solutions.

Keep your Lenovo™ drive and data within your custody, improving security and potentially alleviating civil liability risks.

Lenovo’s Keep Your Drive service lets you dispose of business data on your terms. (1)

Keep the drives secure and on premise if sensitive to data security or have specialized data liability requirements.

Predictable Budgets

Provides predictable upfront costs versus finding budget in the event of drive failure.

Regulatory Compliance And Protection

Helps your organization avoid the legal and monetary repercussions associated with a breach in data security.

Data Remains Secure

Eliminates the need for tracking failed drives in transit, giving IT staff the time to concentrate on mission-critical business activities.

When Lenovo replaces a defective part under warranty, we keep it. With the Keep Your Drive service, you keep your drive and data.

• Confidential information remains with you
• Covers multiple drives or failures
• No need to track failed hard drives in transit.

KYD should be purchased at the time of system purchase.

Coverage continues for the duration of a system’s limited warranty, even if the hard drive has been replaced.

KYD covers multiple drives in a system and multiple failures.

Both Solid State Drives (SSD) and hard drives are covered by KYD. Some models also require an upgrade to on-site service when the SSD is soldered to the system board.

Lenovo™ Keep Your Drive (KYD) is part of a comprehensive portfolio of Lenovo™ services that support the entire life cycle of your PCs.

1) Under the terms of the Lenovo Limited Warranty, when Lenovo replaces a defective part, that part becomes the property of Lenovo.

3 Year Sealed Battery

A Better Battery Deserves Better Protection

Protect your investment by extending one year base battery warranty.

The warranty is significantly less than that of a replacement not covered by an extension policy. A Sealed Battery Warranty will prevent the hassles and frustrations of system unavailability. Lenovo-certified technicians ensure an effective and efficient battery replacement.

Lenovo’s selected PCs incorporate a battery specifically designed for ultrathin products. This sealed non-Customer Replaceable Unit (non-CRU) battery is designed to last three years under normal usage, and with RapidCharge technology, charges 2.5 times faster than typical ThinkPad® batteries.

Doesn’t a better battery deserve better protection?

Extend your base warranty to a 2 or 3-year Sealed Battery Warranty (available with warranty extension). A low upfront cost provides significant savings relative to a non-covered battery replacement, and saves the hassle and frustration of dealing with unplanned IT expenses.

Benefits

• Low upfront cost is significantly less than that of a replacement not covered by an extension policy.
• To prevent unexpected repair costs.
• Combined with On-site or Advanced Exchange Service a Sealed Battery Warranty will prevent the hassles and frustrations of system unavailability.
• Be assured of an effective and efficient battery replacement with Lenovo™-certified technicians.

Lenovo™ Sealed Battery Warranty is part of a comprehensive portfolio of Lenovo™ services that support the entire life cycle of your PCs.

1) Hardware availability varies by region.

2) Batteries degrade over time and variables such as temperature, usage and time affect battery life. Lenovo’s Sealed Battery Warranty provides a one-time replacement opportunity in the event a defective or faulty battery fails to meet minimum performance standards. Battery health thresholds are determined by Lenovo’s built-in battery diagnostic tool taking these factors into consideration.

International Warranty Upgrade

Travel Internationally? Get the International Warranty Upgrade to extend your Accidental Damage Protection coverage, Keep Your Drive Service, and Sealed Battery Warranty (1).

1) Under the Lenovo PCSD Agreement, the service for ADP, Keep Your Drive, and Sealed Battery Warranty is available in country or region where coverage was purchased and is not transferable should system travel to another country. International Warranty Upgrade allows for claims in other countries if these services are offered and device is supported in that country.
