Pagrindinės savybės

- ✓ **HIGH PERFORMANCE SHIELDED CAT6 CABLE:** 100% copper for consistent & error-free 10 gigabit connection; Complies with with ANSI/TIA-568-B.2-10 Category 6 requirements
- ✓ **PROTECT YOUR NETWORK:** Shielded RJ45 connectors minimize Near-End Crosstalk (NEXT) & protect against noise & electromagnetic (EMI/RFI) interference; Compatible w/ multi-speed 10Base-T/NBASE-T generation
- ✓ **POE SUPPORT:** 26 AWG stranded copper conductors supports up to 100W for PoE devices like VOIP phone & security systems. IEEE 802.3bt & DTE power compliant prevents cable heating up
- ✓ **QUALITY CONSTRUCTION:** 50-micron gold-plated connectors for clear signal & to stop rust/corrosion. Snagless connector enables easy installation & flexible disconnection of patch cord in wiring conduits
- ✓ **THE IT PRO'S CHOICE:** Designed for reliability in edge and on-prem deployments, our network cables are lab-tested and field-proven for seamless integration and maximum uptime; Backed by free lifetime 24/5 multi-lingual technical assistance

Aprašymas

Deliver high-performance Gigabit network connections, free of noise and EMI/RFI interference

This Shielded Cat6 cable meets or exceeds all Category 6 cable specifications to ensure reliable Gigabit network connections. And the cable is shielded to protect your network against electromagnetic interference (EMI/RFI) and system noise to provide the perfect solution for fast and safe network connections.

Reliable Cat 6 Gigabit connections

Constructed with 100% copper and foil-shielded twisted-pair wiring, this cable delivers high-quality performance. It's designed to keep the data signals traveling through your network free from interference, so it's perfect in environments that are prone to large amounts of EMI.

The 50-micron gold connectors deliver optimum conductivity and eliminate signal loss due to oxidation or corrosion.

Secured network connections

For easier cable runs, the snagless connectors protect the RJ45 clips during installation, making them less prone to snagging or breaking. This ensures a sturdy connection by preventing the cable from becoming loose from the plug.

Plus, the moulded boots offer strain relief that stops the RJ45 connector termination points from bending at sharp angles, which reduces the risk of damage to the cable that could decrease network performance.

Techninė specifikacija

Features	
Cable length	3 m
Cable standard	Cat6
Cable shielding	SF/UTP (S-FTP)
Connector 1	RJ-45
Connector 2	RJ-45
Product colour	Black
Connector 1 gender	Male
Connector 2 gender	Male
Jacket material	Polyvinyl chloride (PVC)
Conductor type	Stranded
Conductor material	Copper
Cable rating	CMG (CM)
Cabling technology	10/100/1000Base-T(X)
Ethernet interface type	Fast Ethernet, Gigabit Ethernet
AWG wire size	26
Data transfer rate	1000 Mbit/s
Frequency	500 MHz
Snagless cable boot	Yes
Plug and Play	Yes
Operational conditions	
Operating temperature (T-T)	0 - 50 °C
Storage temperature (T-T)	-20 - 60 °C
Operating relative humidity (H-H)	0 - 95%

Certificates

Compliance certificatesCE, RoHS
