Pagrindinės savybės

- ✓ 11.9 cm (4.7") 720 x 1280 pixels Touchscreen
- ✓ 6 GB
- ✓ Compatible memory cards: MicroSD (TransFlash)
- ✓ Qualcomm 2.4 GHz
- ✓ Android 13
- ✓ Bluetooth Data network: 4G, 5G Near Field Communication (NFC) Wi-Fi
- ✓ Built-in microphone
- ✓ 3500 mAh
- ✓ Black

Aprašymas

Built-in reliability — day-in and day-out, it just works

The WT5400 is ready to work, all day, every day. It’s drop-proof, tumble-proof, waterproof and dustproof, so you can use it just about anywhere. Since the display is one of the most vulnerable and crucial device features, it’s protected with scratch- and shatter-resistant Corning® Gorilla® Glass. And the rugged design is built to last for years, providing an outstanding return on investment.

Make scanning easy with your choice of Bluetooth scanner

The RS2100 is not only the world’s smallest enterprise wearable scanner, its ‘open palm’ design delivers extreme comfort. Need flexibility? The RS5100 offers five interchangeable wearing styles and two scan engine options. Need to scan near — and far? The RS6100 offers an extraordinary scanning range — from near contact to 40 ft (12.2m). Regardless of which Bluetooth wearable scanner you choose, you get the first-time every-time successful capture of virtually every barcode in any condition. And pairing couldn’t be easier — all it takes is a tap on the NFC icon.

Get the fastest and most dependable Wi-Fi connections

Ultra-fast Wi-Fi 6E provides more bandwidth, more capacity and the fastest available connections. And Zebra’s Mobility DNA Wireless Fusion provides advanced Wi-Fi radio hardware and software features that keep on-the-move workers connected and productive, every minute of the workday.

Power every minute of every shift

The standard battery powers a full shift, while the extended battery enables even longer operation. And the blade connectors self-clean with every battery insertion or removal, improving reliability.

Power all your apps with a fast, next generation platform

The next generation Qualcomm® processor and high memory capacity provide future proofing to support the applications of today and tomorrow. With OS support through Android 17, you can count on access to the latest Android features for years to come. And with Zebra’s LifeGuard™ for Android™ 1, you’re always in charge of when and how to update Android.

Good for business — and the environment
A responsible and sustainable design that’s good for the earth
From manufacturing to packaging, all the way to disposal, the WT5400 is designed for a sustainable life cycle.

These devices are constructed with over 40% post-consumer recycled plastics — and without many major environmental toxins, such as Mercury and PFO/PFOAs. Batteries are easily swappable and replaceable, while battery health insights allow you to replace your battery only when it is needed, reducing waste and unnecessary cost. In addition, the packaging is 90% biodegradable and uses recycled materials.

Simplify everything about your devices for users and IT with Mobility DNA — only from Zebra
Simplify every stage of device lifecycle with Mobility DNA
This Zebra-only comprehensive collection of applications contains many ready-to-use tools at no cost that make the WT5400 easier to integrate, secure, deploy, manage and use. Make device management easier for IT personnel. Make Zebra devices even easier for workers to use with time-saving features that improve productivity and workflow efficiency. And easily deploy and manage all your Mobility DNA applications with Zebra DNA Cloud.

LifeGuardTM for AndroidTM 1 — your lifetime security guard

Keep your devices secure every day they are in service with LifeGuard for Android. Get the regular and timely OS updates you need to stay on top of emerging security threats, with complete flexibility over the update process: enable automatic zero-touch updates; utilize your EMM to completely control every aspect of the update process or manually update your devices — no EMM required via Zebra’s Stage Now Mobility DNA tool. Only migrate to new versions when you’re ready, ensuring that you always have ample time to test your apps and make any required updates — before migration.

Easily find missing devices with Device Tracker

Eliminate lost devices and protect your investment with Device Tracker. With cloud-based deployment, you can get Device Tracker up and running quickly and easily for 10 to 100,000 devices. With the click of a button, you can view precise device location on Google Maps. And a simple proximity indicator guides you to the device.

Techninė specifikacija

Display	
Display diagonal	11.9 cm (4.7")
Display resolution	720 x 1280 pixels

Touchscreen	Yes
Touch technology	Multi-touch
Touchscreen type	Capacitive
Memory	
Internal memory	6 GB
Flash memory	64 GB
Compatible memory cards	MicroSD (TransFlash)
Processor	
Processor frequency	2.4 GHz
Processor family	Qualcomm
Network	
Wi-Fi	Yes
Bluetooth	Yes
Data network	4G, 5G
Networking standards	IEEE 802.11a, IEEE 802.11ac, IEEE 802.11ax, IEEE 802.11b, IEEE 802.11g, IEEE 802.11n, IEEE 802.11v, IEEE 802.11w
Security algorithms	AES, EAP-TLS, TKIP, WEP, WPA, WPA2, WPA3, WPA3-Enterprise
Near Field Communication (NFC)	Yes
GPS Performance	
Channels quantity	13 channels
Camera	
Built-in camera	No
Audio	
Built-in microphone	Yes
Speakers	Mono
Ports & interfaces	
USB 3.2 Gen 1 (3.1 Gen 1) Type-C ports quantity	1
Performance	
Product colour	Black
Sensors	
Ambient light sensor	Yes
Software	
Operating system installed	Android 13
Weight & dimensions	

Weight	254 g
Width	93 mm
Depth	14 mm
Height	132.5 mm
Operational conditions	
Operating relative humidity (H-H)	5 - 95%
Operating temperature (T-T)	-20 - 50 °C
Storage temperature (T-T)	-40 - 70 °C
Battery	
Battery capacity	3500 mAh
