Aprašymas

The ACT Industrial sensor cables (actor cables) are provided with a TPE (Thermo Plastic Elastomer) sheath and are therefore highly resistant to mechanical loads such as movements in a chain. The connectors are overmoulded TPE and degree of protection is IP67.

Superflex Xtreme cable, each individual core consists of 19 strands of copper that together form a diameter of AWG22. This makes the cable more flexible than, for example, a standard AWG24/7 patch cable.

Stranded conductors are build up of uninsulated thin strands of wire twisted together.

How greater the number of strands in a stranded conductor, the greater the flexibility of the wire.

Techninė specifikacija

Features

Cable length	1.5 m
Connector 1	M12
Connector 2	No

Connector gender	Male
Cable colour	Black
Conductor material	Copper
Insulation material	Polyvinyl chloride (PVC)
AWG wire size	22
Jacket material	Thermoplastic elastomer (TPE)
Rated voltage	300 V
Certification	UL, UL94-V0
Operational conditions	
Operating temperature (T-T)	-40 - 105 °C
Packaging data	
Quantity	1
