Pagrindinės savybės

- ✓ Flexible TPE sheath
- ✓ Full copper Superflex AWG22 shielded cable
- ✓ UL
- ✓ IP67
- ✓ D-Coded

Aprašymas

The ACT Industrial sensor cables (actor cables) are provided with a TPE (Thermo Plastic Elastomer) sheath and are therefore highly resistant to mechanical loads such as movements in a chain. The connectors are overmoulded TPE and degree of protection is IP67.

Superflex Xtreme cable, each individual core consists of 19 strands of copper that together form a diameter of AWG22. This makes the cable more flexible than, for example, a standard AWG24/7 patch cable.

Stranded conductors are build up of uninsulated thin strands of wire twisted together.

How greater the number of strands in a stranded conductor, the greater the flexibility of the wire.

Techninė specifikacija

Features	
International Protection (IP) code	IP67
Cable length	3 m
Certification	UL, UL94-V0
Operational conditions	
Operating temperature (T-T)	-40 - 105 °C
Matmenys ir svoris	
Svoris	1,00kg
