Aprašymas

The metal AC8379 Cable Management Tray keeps your desk tidy and clean and your cabling organized. The cable tray is easily extendable and can be adapted to the preferred width: from 43 centimeters up to 72 centimeters and thus can be used with various desk sizes. The tray provides enough storage capacity for storing a power strip, laptop charger, cabling and more. The open structure is ideal for ventilation and cable routing. And the best part: mounting without screwing or drilling. Easily attach the tray underneath a desk (max. thickness 50mm) with the enclosed clamp mounts. The AC8379 can be used with a monitor arm with clamp mount.

Keep your desk tidy and clean

Transform the cable clutter on and under your desk into a tidy and clean looking work space with help of a cable tray. This solid metal cable tray helps you to guide all the cabling to a central point underneath the desk. The AC8379 cable tray offers enough space for storing a power strip, charger, cabling and more.

Extendable to various sizes

The AC8379 cable management tray has an extendable design. The width can vary from 43 centimeters up to 72 centimeters. Both the open metal design and the space in between the tray and the desk ensure a good heat dissipation when storing a power strip and chargers.

Clamp mount: mounting without screwing or drilling

We can imagine that drilling holes through a desk or table isn’t your favorite thing to do. That’s why we provide a clamp mount with the cable management tray. This clamp mount ensures easy installation of the tray onto the desk with a maximum table thickness of 50mm.

Techninė specifikacija

Features	
Type	Straight cable tray
Material	Steel
Angle	0°
Maximum weight capacity	5 kg
Form factor	Horizontal
Product colour	Black
Weight & dimensions	
Width	728 mm
Depth	130 mm
Height	190 mm
