EasyWeigh™ scales

SAVE TIME AND REDUCE MESS

Weigh ingredients directly into the bowl as you go, incrementally or individually. You can even weigh directly into optional attachments, like a blender, food processor, or juicer. No mess, no fuss.

Nesting DuoBowl™

A PERFECT SET

When your recipe needs two bowls, nesting inside the 5L bowl is a 3.5L mixing bowl. Both fit the machine without adjustments for seamless baking. Swap your bowl, carry on creating.

1200W motor

SMART POWER CONTROL

The digitally controlled motor cleverly adjusts to whatever you're making. You'll only ever use the power you need. And with 1200W of power at your fingertips, you’ll make even lighter work of heavy doughs and fruit cake mixes.

LightLift head

THE LIGHTEST TOUCH

Our unique LightLift head makes easy work of adding ingredients to your mix. Simply press the head release button and pop them in. No effort required.

Trusted easyclean tools

Our signature K-Beater accompanies two more stainless steel baking tools – a dough tool and whisk. Plus, a creaming beater. Tackle any job with confidence. They’re all dishwasher safe for easy cleaning.

Customise your chef

Expand your creativity with our huge range of 25 optional attachments. Connecting to the high or slow speed hub, they’ll blend, slice, spiralize, shred, grate, slow juice... all to perfection.

You set the speed

Take control. Use the electronic speed range to slowly build speed as and when you need it. For great results at your fingertips.

Every ingredient in the mix

Our unique planetary mixing covers the entire side, centre and bottom of the bowl. No mix is missed or wasted. All you’re left with is perfection.

Techninė specifikacija

Features	
Bowl capacity	5 L
Product colour	Silver
Variable speed	Yes
Pulse function	Yes
Built-in scales	Yes
Citrus press	No
