Aprašymas

True Adaptive Noise Cancelling (4-mic) with Smart Ambient

Hear more of what you want and less of what you don't. True Adaptive Noise Cancelling (4-mic) technology with Smart Ambient automatically adjusts to eliminate audio distractions while keeping you alert to your surroundings, wherever you go.

6 mics for zero noise for perfect calls with VoiceAware

You deserve to be heard. That's why 3 beamforming mics on each earbud ensure that your voice always comes through loud and clear, even on a breezy day. And you can hear it for yourself, since VoiceAware lets you control how much you hear your own voice during calls.

Extreme dustproof and waterproof

The IP68 dustproof and waterproof JBL Reflect Aero earbuds are the perfect companions wherever you go, regardless of weather conditions. Dust-tight for hikes and beach parties, they're also built to function for 30 minutes at depths of up to 1,5 meter/5 feet—including salt water, as long as you remember to rinse them off afterwards.
