Pagrindinės savybės

- ✓ Officially licensed by the U.S. Air Force, T.Flight U.S. Air Force Edition-DTS features an eye-catching design inspired by real headsets worn by pilots
- ✓ Enjoy a better sound level across the entire frequency range, with completely immersive 3D audio thanks to DTS Headphone:X technology
- ✓ 2”/50 mm analytic drivers allow for crystal-clear sound reproduction without any saturation
- ✓ A great combination of audio performance and comfort, with ear pad cushions crafted of memory foam and a layer of gel for effective passive sound isolation
- ✓ The metal headband frame adds to the headset’s realistic look and ensures excellent durability
- ✓ T.Flight U.S. Air Force Edition-DTS features a detachable, high-performance unidirectional noise-canceling microphone, plus an in-line controller allowing the user to adjust and enable/disable the microphone
- ✓ The included interchangeable faceplates* allow for customization of the headset
- ✓ Compatible with PC, PlayStation, Xbox, Nintendo Switch and Mac, as well as with tablets and smartphones (calling functions included)

Aprašymas

Thrustmaster is proud to present T.Flight U.S. Air Force Edition-DTS: the gaming headset inspired by the real headsets worn by U.S. Air Force pilots, for even greater realism and immersion

Enhance your gaming performance: the very best of Thrustmaster’s audio expertise, combined with the technological know-how of DTS (DTS Sound Unbound app available on Xbox and PC; one year of DTS use included)

Box contents: headset with in-line controller, microphone, protective cap for microphone connector, 4 additional decorative faceplates, DTS Headphone:X code (for Xbox and PC), user manual and warranty information.

AUDIO FIDELITY

An ultra-realistic auditory experience, in line with developers' requirements, thanks to a stable frequency response curve for audio balance and accurate sound reproduction.

POWER AND ACCURATE REPRODUCTION

Sound levels of 116 ± 3 dB SPL (Sound Pressure Level), for exceptional distortion control (≤ 1%) and outstanding precision.

HIGH-PERFORMANCE MICROPHONE

The T.Flight U.S. Air Force Edition-DTS has a unidirectional microphone designed to only target your voice, for effective communication with your teammates. The microphone is detachable and adjustable, and easily adapts to all head sizes and shapes.

COMFORT MEETS PERFORMANCE

The ear pad cushions are crafted of memory foam, with a layer of gel to adapt to all ear sizes and shapes, for outstanding comfort.

QUALITY MATERIALS

The metal headband frame adds to the headset’s realistic look and ensures excellent durability, while the padded leather headband cushion provides a high-quality aesthetic finish.

UNIVERSAL COMPATIBILITY

T.Flight U.S. Air Force Edition-DTS offers extended compatibility: it can be used with PC, PlayStation, Xbox, Nintendo Switch and Mac. It is also compatible with tablets and smartphones (calling functions included).

OPTIMIZED SOUND, THANKS TO DTS

The DTS technology included with this headset allows for enhanced immersion via DTS Headphone:X spatialization. This more advanced rendering of surrounding sounds gives you a significant advantage in terms of achieving your best performance.
