Pagrindinės savybės

- ✓ AVOID WRIST STRAIN - The vertical design of this ergonomic mouse reduces muscle and wrist strain, encouraging you to work in an ergonomic position whilst mousing
- ✓ ANTIMICROBIAL TECHNOLOGY - Biocote antimicrobial technology works 24/7 for an added level of hygienic product protection. Removing any mould and bacteria that could appear on the vertical mouse
- ✓ COMFORTABLE & EASY TO USE - The easy-glide symmetrical base removes any tention when in use, whilst its precision laser and scroll wheel aids fast, accurate tracking and document scrolling
- ✓ SUITABLE FOR LEFT & RIGHT HANDED USE - A central bow can be found at the bottom of the vertical mouse, allowing you to transition between right and left-handed use
- ✓ ADJUSTABLE DPI - This ergonomic mouse can be adjustable to 400, 600, 800 or 1200 DPI resolution. Which encourages fast and precise operating movements, and its vertical design makes it easy to manoeuvre
- ✓ CHOOSE YOUR SIZE - The Penguin mouse is available in three sizes. To choose the right one for you, measure your hand from the first fold on your wrist to the tip of your middle finger. Small 0-16 cm (approx. 0-6 inches)Medium 16-18 cm (approx. 6-7 inches) large 18 cm + (7 inches + approx.)
- ✓ COMPATIBILITY - This mouse is compatible with Linux, Windows 2000, XP, Vista, 7, 8, 10 and versions of these, MAC OS X 10.6 and above
- ✓ FIRA ACCREDITED - This product has been tested by FIRA International Ltd to comply with the ergonomic requirements set out in European Health and Safety Legislation: EN ISO 9241-5
- ✓ WARRANTY - The Penguin mouse comes with a 2 year warranty and access to top quality customer support to help with any queries you may have

Aprašymas

Symmetrical base with easy gliding - Allows the user to rest both hands comfortably next to the vertical structure, promoting the use of the larger muscles in the front and upper arm to maneuver the mouse. Fine cursor control is still accessible with small hand and/or finger movements. The penguin marks a major breakthrough in the fight against health problems that occur when computer users spend too much time with a conventional mouse. It sets new protection standards against a number of diseases of the upper extremities such as injuries caused by repeated strain (RSI) and carpal tunnel syndrome (CTS) and left hand allows you to divide the workload and avoid exaggerated movements of the wrist that can increase pressure on the soft tissues in the carpal tunnel. Regular changing of hands during the day prevents static muscle tension (SMS) in the arm and shoulder - a main cause of discomfort during mouse work. The penguin mouse is also antimicrobial to inhibit the growth of bacteria. This makes it perfect for hot desking environments. The penguin mouse is available in three sizes. To choose the right one for you, measure your hand from the first fold on your wrist to the tip of your middle finger. Small 0-16 cm (approx. 0-6 inches)Medium 16-18 cm (approx. 6-7 inches) large 18 cm + (7 inches + approx.).

Techninė specifikacija

Mouse	
Purpose	Office
Device interface	RF Wireless
Movement detection technology	Laser
Movement resolution	1200 DPI
Scroll type	Buttons
Buttons quantity	2
Buttons type	Pressed buttons
Button functions	DPI switch
Recommended usage	Universal
Design	
Form factor	Ambidextrous
Product colour	Black, Silver
Ergonomic design	Yes
Mouse size	L
