Aprašymas

Product information "Cable sleeve with zipper, Polyester, Ø 50 mm, grey, 1 m" from LogiLink
Without appropriate cable protection, a cable can hardly withstand today's demands in abrasion resistance, tensile strength, deformation resistance or impact resistance. LogiLink's flexible cable protection sleeves meet these requirements and additionally provide protection against dirt and humidity. Simply wrap the bag around the cable bundle and close the zipper. The flexible polyester with flame retardant properties allows you to

bundle multiple cables without ripping.
