Pagrindinės savybės

- ✓ 10.2 cm (4") 800 x 480 pixels Touchscreen
- ✓ 3 GB
- ✓ Compatible memory cards: MicroSD (TransFlash), SDXC
- ✓ Snapdragon 660 1.8 GHz
- ✓ Android
- ✓ Bluetooth Bluetooth Low Energy (BLE) Near Field Communication (NFC) Wi-Fi
- ✓ Built-in camera
- ✓ 3500 mAh
- ✓ Black

Aprašymas

In your small to medium-size business, your workers need to work smarter — not harder. Whether your workers are on the floor of a warehouse, manufacturing plant or retail store, outside in a port or yard, delivering goods or repairing equipment, a mobile computer will take productivity and task accuracy to a new level. But cost-effective devices have fallen short in features — until today. Introducing the MC2200/MC2700, the affordable mobile computers packed with all the features your business needs. WiFi only and WiFi/cellular models connect any worker — inside your facility or out in the field. Advanced industrial design delivers extreme comfort and ease of use. The integrated touchscreen and keypad support today’s ‘green screen’ apps, and tomorrow’s touchscreen apps. Just add the trigger handle accessory to create a gun-style design for intensive scanning tasks. Complimentary pre-loaded value-add Mobility DNA tools make your devices easier to use, manage and secure. And the optional Mobility DNA Enterprise license unlocks big business voice and data tools that drive productivity and device management simplicity up. The MC2200/MC2700 — ‘no compromise’ affordable mobility for your small to medium size business.

Unparalleled ergonomics and flexibility

Designed for unmatched comfort, ease of use and productivity

The MC2200/MC2700 devices are loaded with design differences that bring big benefits to your user. Zebra’s award-winning Industrial Design team designed the size, shape and location of keys to enable workers to easily find the right keys by feel, even with gloves — and high contrasting colors make keys easy to see in any lighting, day or night.

The slender tapered design eliminates pressure points and fits virtually any size hand. Two perfectly placed and designed finger perches provide easy one-handed operation for keypad and touchscreen. And much more.

Two devices in one — brick and gun

Transform your MC2200 or MC2700 into gun-style devices — without compromising ergonomics or scanning performance. Just snap on the trigger handle accessory — no tools required. Since the electronics are in the trigger handle, scanning speed isn’t impacted — unlike many other trigger handles. Many hours of intensive human factor studies of hand positions and movements led to advanced ergonomics that deliver the same level of comfort that Zebra’s gun-style devices bring to the most scan intensive tasks. All features are available when the handle is installed, including the speaker and optional camera. And the trigger is rated for three million presses, providing years of use.

WiFi and cellular to connect any worker, anywhere

MC2200 WiFi only models give workers inside your facility the industry’s fastest and most dependable WiFi connections.1 Use the MC2700 WiFi/cellular models in large outdoor spaces where there is poor coverage or a WiFi network is too expensive to deploy and maintain, such as yards and ports — or in the field to keep drivers and technicians connected. And with Bluetooth 5.0 and optional NFC, you get comprehensive wireless capabilities, providing a fast and easy connection to headsets, printers and more.

Techninė specifikacija

Display	
Display diagonal	10.2 cm (4")
Display resolution	800 x 480 pixels
Touchscreen	Yes
Display	LED
Touch technology	Multi-touch
Touchscreen type	Capacitive
Display glass type	Gorilla Glass
Memory	
Internal memory	3 GB
Flash memory	32 GB
Compatible memory cards	MicroSD (TransFlash), SDXC
Processor	
Processor frequency	1.8 GHz
Processor family	Snapdragon
Processor model	660
Processor manufacturer	Qualcomm
Built-in processor	Yes
