Pagrindinės savybės

- ✓ Stylish ARGB cooling block features lots of illumination options for stunning visual effects
- ✓ 2 Light Wings LX PWM high-speed fans for colorful and vibrant cooling
- ✓ Impressively high cooling performance for all consumer CPUs
- ✓ State-of-the-art pump with progressive IC
- ✓ Specially designed jet plate and cold plate for superior performance
- ✓ ARGB-PWM-Hub enables synchronization of up to 6 ARGB components and PWM fans
- ✓ Easy-to-access refill port and included coolant bottle for a long lifespan

Aprašymas

Peak performance and lighting

Light Loop 240mm Black is an impressively high-performing All-in-One water cooling unit with uniquely illuminated ARGB cooling block for users with overclocked systems.

TRUE COLORS

Unrivalled ARGB lighting

Light Loop 240mm Black features 48 LEDs in total, leading to stunning visuals. Since your PC is not like any other, you can individualize your build with numerous colors and illumination options. The uniquely illuminated cooling block and Light Wings LX fans make Light Loop 240mm Black an undisputed highlight in any system.

LIGHT WINGS LX FANS

Performant, yet quiet operation

Light Loop 240mm Black features 2 Light Wings LX 120mm PWM high-speed fans. They come with 16 LEDs that perfectly scatter across the fan blades and are key for the stunning visuals Light Loop 240mm Black offers. The fan’s 9 airflow-optimized fan blades not only reduce noise-generating turbulences but also ensure that Light Wings LX 120mm PWM high-speed provides the performance that is needed, even in demanding scenarios.

IMPRESSIVELY HIGH COOLING PERFORMANCE

Designed for intensive gaming sessions

With Light Loop 240mm Black even highly demanding applications can be used reliably. An impressively high cooling power provides low temperatures even during periods of peak CPU performance. Perfectly suited for your next session!

ADVANCED TECHNOLOGIES

One step ahead in every aspect

Jet plate, pump and the cold plate of Light Loop 240mm Black are designed for peak performance. The metal jet plate increases pressure of the cooling liquid, leading to an enhanced performance. A cold plate with a high-density fin stack increases cooling performance on modern flagship and high-end CPUs. Finally, a progressive IC in the motor reduces switching noise, ensuring the noise of the pump stays at a low level.

ONE HUB, MANY POSSIBILITIES

Synchronization of up to 6 ARGB-components

The ARGB-PWM-Hub enables synchronization of up to 6 PWM fans and 6 ARGB components. This allows you to control all your cooling and lighting gear with just one PWM and one ARGB header on your motherboard. It can be positioned anywhere inside the case with adhesive tape or screw holes that match a 2.5” SSD mounting.

EASY TO REFILL

For a long lifespan

The refill port is easy to access which makes refilling safe and comfortable. The coolant bottle included in scope of delivery makes it easy to achieve a long lifespan.

BLACK BEAUTY

Stunning design

Light Loop 240mm Black complements all-black systems best, thanks to its uniform black aesthetics. The integrated ARGB LED lighting within the cooling block and fans allows the vibrant lighting to take center stage.

Techninė specifikacija

Performance	
Suitable location	Processor
Type	All-in-one liquid cooler

Fan diameter	12 cm
Supported processor sockets	LGA 1851, LGA 1150 (Socket H3), LGA 1151 (Socket H4), LGA 1155 (Socket H2), LGA 1200 (Socket H5), LGA 1700, Socket AM4, Socket AM5, Socket TR4
Maximum airflow	61.8 cfm
Airflow	105.1 m³/h
Pulse-width modulation (PWM) support	Yes
Bearing type	Rifle bearing
Fan noise level (min)	15.4 dB
Fan noise level (max)	34.9 dB
Fan bearing technology	Rifle bearing
Pump connector	4-pin
Quantity per pack	1 pc(s)
Pump motor speed	2900 RPM
Pump motor speed (min)	1500 RPM
Pump motor speed (max)	2900 RPM
Fan speed (max)	2100 RPM
Fan's mean time to failure (MTTF)	60000 h

Design

Product colour	Black
Base plate material	Copper
Number of fans	2 fan(s)
Number of fan blades	9
Illumination LED	Yes
Fan connector	4-pin
Display type	Not applicable
Certification	CE, FCC, UKCA, RoHS, WEEE, Triman

Power

Rated voltage	12 V
Fan power consumption	5.4 W
Fan voltage	12 V
Fan current	0.45 A

Weight & dimensions

Width	94 mm
Depth	82 mm
Height	75 mm

Radiator width	12 cm
Radiator depth	5.2 cm
Radiator height	27.7 cm
Tube length	40 cm
Weight	1.2 kg
Fan dimensions (W x D x H)	120 x 120 x 25 mm
Package width	205 mm
Package depth	322 mm
Package height	137 mm
Package weight	2.1 kg
Technical details	
Warranty period	3 year(s)
Compliance certificates	CE, Federal Communications Commission (FCC), RoHS, UKCA, WEEE
Sustainability compliance	Yes
Packaging content	
Package type	Box
Mounting kit	Yes
LED controller interface	3-pin
RGB controller included	Yes
Manual	Yes
Other features	
Thermal grease	Yes
Logistics data	
Products per shipping (inner) case	6 pc(s)
Shipping (inner) case width	34 cm
Shipping (inner) case length	44 cm
Shipping (inner) case height	46 cm
Shipping (inner) case gross weight	13.7 kg
Matmenys ir svoris	
Matmenys (I × P × A)	33.00cm × 21.00cm × 14.00cm
Svoris	2.10kg
