## Pagrindinės savybės

- ✓ Appropriate display brightness
- ✓ High-performance with webOS
- ✓ Conformal coating
- ✓ Mobile content management
- ✓ IP5x certified design
- ✓ Compatible with AV control system

## Aprašymas

## Appropriate Display Brightness

With a recommend brightness of 500 cd/m² for indoor display, the UH5J-H series clearly delivers content and attracts public attention, making it the most suitable display for marketing in meeting rooms, airports, retail, shopping malls, etc.

## High-Performance with webOS

LG webOS platform enhances user convenience with intuitive GUI and simple app development tools.

## Conformal Coating

In various places the UH5J-H series is unable to avoid exposure to environments containing dust, humidity, etc. which may hamper performance over time. The conformal coating on power board reduces these risks by protecting UH5J-H series from salt, dust, iron powder, humidity, etc.

## Mobile Content Management

You can create a store profile and get template recommendations using the Promota* app. Users can customize templates as needed and easily create and manage content not only on PCs but also on mobile devices.

## IP5x Certified Design

The IP5x Dust-Proof Certification ensures that the product is protected from dust, reducing the risk of performance degradation.

## Compatible with AV Control System

The UH5J-H series has supported Crestron Connected® for high compatibility with professional AV controls to achieve seamless integration and automated control, boosting business management efficiency.

### Techninė specifikacija

| | |
|---|---|
| **Display** | |
| Display diagonal | 2.49 m (98") |
