Pagrindinės savybės

- ✓ 24" Full HD (1920 x 1080) IPS panel, 99% sRGB
- ✓ 120Hz refresh rate for smoother, more responsive gameplay
- ✓ 5ms GtG response time / 1ms MPRT motion blur reduction
- ✓ 1500:1 native contrast, 250 nits, matte anti-glare coating
- ✓ DisplayPort 1.2, HDMI 1.4, headphone out, 2W x 2 speakers
- ✓ Ultrathin bezel design, tilt -5° to 20°, VESA 100 x 100mm
- ✓ Eye Comfort 3.0 and EyeSafe 2.0 certified
- ✓ Flicker-Free, TÜV Low Blue Light, Visual Optimizer, ePaper and colour weakness modes

Aprašymas

Perfect for Gaming (and everything inbetween)

The BenQ GW2790P 120Hz IPS panel in front of you without the price tag that usually comes with it. Twenty-four inches of Full HD, 1ms motion blur reduction and 99% sRGB colour — built for players who want fluid frames and accurate colour from the same screen they work on all day.

Kind to Your Eyes

Because long sessions shouldn't cost you. BenQ's eye-care technology runs quietly in the background, so the fifth hour feels like the first.

Flicker-Free technology and TÜV-certified Low Blue Light cut the strain that ends play early, with no yellow cast over your game. Visual Optimizer adapts brightness and clarity to your room automatically, and Eye Comfort 3.0 and EyeSafe 2.0 certification back it up.

Smooth Visuals

A 120Hz refresh rate doubles what a standard 60Hz panel shows you. Enemy movement, flick shots and fast pans all land smoother and clearer, whether you're on PC, PS5 or Xbox Series X|S.

5ms GtG response with 1ms MPRT motion blur reduction keeps fast-moving objects sharp instead of smeared, so you're tracking the target accurately.

Vivid Colour

99% sRGB coverage and 1500:1 contrast on a true IPS panel — rich, consistent colour from wide viewing angles, whether you're deep in an open world or grading a video between matches.

Design & Connectivity

An ultrathin, virtually frameless bezel keeps the focus on the game — and makes it disappear into a dual-screen setup. DisplayPort 1.2 and HDMI connectivity, twin 2W speakers saves your desk space, and 100 x 100mm VESA mount opens up your options to wall mount.

Techninė specifikacija

Display	
Display diagonal	61 cm (24")
Display resolution	1920 x 1080 pixels
Native aspect ratio	16:9
Display technology	LED
Touchscreen	No
HD type	Full HD
Panel type	IPS
Response time	5 ms
Screen shape	Flat
Contrast ratio (typical)	1500:1
Maximum refresh rate	120 Hz
Display number of colours	16.7 million colours
LED backlight	Yes
Display brightness (typical)	250 cd/m²
Response time measurement type	GTG (Gray to Gray)
Viewing angle, horizontal	178°
Viewing angle, vertical	178°
Pixel density	93 ppi

Display diagonal (metric)	60.45 cm
