Pagrindinės savybės

- ✓ Automatically shred up to 300 sheets of A4 paper (80gsm) at a time into smaller-than-standard DIN P4 cross-cut pieces (4 x 10mm). Manual slot for up to 10 sheets.
- ✓ Unique Bin Rotation Technology (BRT) maximizes bin capacity and significantly reduces mess when emptying due to flat and even paper distribution.
- ✓ Generous bin capacity holding up to 300x A4 sheets (25L) before it needs emptying.
- ✓ Compact space-saving design that fits effortlessly into small spaces. Using fewer resources saves XX% carbon footprint vs. our previous 300 Autofeed model.
- ✓ Innovative Flat Cut Technology uses a precise slicing action resulting in quieter shredding and flatter particles that pack more efficiently into the bin.
- ✓ Ultra quiet operation 55dBA - for a calm working environment (when using Leitz oil papers regularly)
- ✓ PIN lockable paper chamber for added document security and continuous 60 min run time.
- ✓ Unique clean empty feature (cutters reverse after every use) to prevent paper shreds dropping behind the bin when pulled out
- ✓ Patented Centre Feed Technology – Built-in staple/paperclip removal, paper jam prevention, and complete document privacy.
- ✓ Anti-jam technology automatically stops and reverses paper if overloaded. Shreds credit cards, staples and paper clips.

Aprašymas

The Leitz IQ Office 300 P4 is a fully automatic, next-generation paper shredder that quietly gets to work—so you don’t have to. Simply load up to 300 A4 sheets at a time (80gsm), staples and paper clips included, close the lid, and carry on with your day. It’s intelligent, hands-free shredding with zero hassle.

With unique Bin Rotation Technology (BRT), the bin rotates during use to prevent uneven peaks and ensures flat, even paper distribution for maximum capacity. For added security and peace of mind, this shredder machine also features a PIN-locked paper chamber.

Paired with advanced flat-cut technology, this cross-cut paper shredder produces shreds smaller than the standard DIN P4 size, delivering enhanced security and quieter operation. The manual feed slot allows for quick shredding of up to 10 sheets, while anti-jam technology and ultra-quiet performance make it ideal for shared office spaces. With a 60-minute continuous runtime and simple touch controls, it’s built for smooth, uninterrupted shredding.

Designed for modern workspaces that demand more, this Leitz shredder has a compact footprint that saves space without compromising performance. The 25L pull-out bin holds up to 300 sheets and features stylish LED illumination when in use—enhancing the modern design while making waste levels easy to monitor. The clean-emptying system keeps shreds contained, so disposal is quick, tidy and stress-free.

The full (cradle-to-grave) carbon footprint of the Leitz IQ OptiMax Autofeed 300 P4 has been officially calculated according to the Greenhouse Gas Protocol standard and delivers a 8.93% CO2e reduction compared to the previous 2020 Leitz IQ Autofeed Office 300 P4 model. This reduction derives from its more compact design, reduced material use, and lower transport volume — making it the ultimate hands-free shredder from Leitz that makes you feel good.

Techninė specifikacija

Features	
Shredding type	Cross shredding
Working width	22.5 cm
Shredding staples	Yes
Paper shredding	Yes
Credit cards shredding	Yes
Shredding paper clips	Yes
Shredding size	4 x 10 mm
Basket volume	25 L
