Pagrindinės savybės

- ✓ Multi-source CD player
- ✓ CD, DAB+/FM radio
- ✓ Bluetooth 5.4, Audio in, USB
- ✓ 3.5 mm headphone socket

Aprašymas

Portable boombox-style CD player

Whether you're discovering the joy of physical CDs for the first time or all over again, this top-loading CD player is a great choice for casual listening. It can read any kind of CD format and the carry handle makes it easy to move around. Simply plug into an AC outlet or insert six batteries (type R14 C, batteries not included) and take it outside.

DAB+/FM radio. Digital tuning with up to 30 presets

Find new radio stations or tune in to the ones you already know and love with DAB+/FM radio. The DAB+ tuner delivers crystal-clear reception: you can set up to 30 presets and programme your three favourite stations for instant access via the CD player or the virtual remote control in the Philips companion app.

Bluetooth 5.4 for better sound and Auracast streaming

Auracast is supported, so you'll be able to play music on this CD soundmachine from multiple Auracast-compatible transmitting devices (including smartphones) around the house. The LC3 codec is supported for noticeably better sound when streaming.

Philips Home Entertainment app. Simple sound control

Controlling the CD player remotely is simple with our handy companion app. A virtual remote control appears on the screen of your smart device and you can use it to switch between sources, select radio presets, adjust volume, enhance the bass, set the sleep timer, set display brightness and more.

Made with recycled plastic. Responsible packaging

Over 80% of the plastic used in this CD player is recycled and our packaging is plastic-free. Inserts are printed on recycled paper with soy-based ink and the packaging itself uses FSC-certified recycled cardboard.

Easily connect headphones and other sources

Want to be immersed in your sounds? Simply plug your wired headphones in to the 3.5 mm headphone socket. For more playback options, the USB port lets you plug in a flash drive loaded with MP3 files or you can connect legacy audio devices or turntables to the Audio in port.

Techninė specifikacija

Loudspeakers	
Built-in speaker(s)	Yes
Number of built-in speakers	2
