Ergonomics that feels natural

The FastForward is designed with an angle of inclination of 75° , which automatically puts your hand in a natural, relaxed position. This prevents tension in your hand, wrist and forearm, supports better posture and helps prevent common complaints such as RSI and carpal tunnel syndrome. It feels as natural as shaking hands with someone (but without uncomfortable eye contact). As a result, you don't have to get used to an ergonomic posture for a long time. These ergonomic benefits have been substantiated by research, in which a vertical hand position is linked with less muscle tension (Aarås et al., 2001; Quemelo & Vieira, 2013). Your wrist stays straight and the clicking motion becomes lighter, reducing the force your fingers need to apply.

Why choose FastForward?
- Ergonomic vertical design that prevents overloading
- Whisper quiet and lightning fast in daily use
- Smart features for more productivity
- Compatible with Windows, Mac, iPad, Android, Linux and Chrome OS
- 3 connection options: Bluetooth, wired and wireless with dongle
- Long battery life: up to four months on a single charge
- Plug & play - no drivers required

Techninė specifikacija

Mouse	
Purpose	Office
Connectivity technology	Wired & Wireless
Device interface	RF Wireless + Bluetooth + USB Type-C
Movement detection technology	Optical
Movement resolution	500 DPI
Scroll type	Wheel
Buttons quantity	8
Buttons type	Pressed buttons
Button functions	Back, Clickable scrolling, DPI switch, Forward, Vertical scrolling
Customizable movement resolution	Yes
Number of movement resolution modes	5
Multi-device support	Yes
Frequency band	2.4G
Bluetooth version	5.1
Design	
Form factor	Right-hand
Product colour	Grey
Ergonomic design	Yes
Vertical design	Yes
Material	Acrylonitrile butadiene styrene (ABS), Steel
