Aprašymas

The Unitek S1234B is an HDD and SSD docking station that allows seamless access to your data storage. Designed with a USB-C interface, this external docking station supports data transfer rates of up to 10 Gbit/s, ensuring quick and efficient data management. Its compatibility with both 2.5" and 3.5" hard drives makes it versatile for various storage needs. Additionally, the docking station features a stylish RGB backlight that enhances its aesthetic appeal and provides visibility in low-light environments.

Constructed from durable ABS plastic, the Unitek S1234B is designed for longevity and reliable performance. With a 1 m USB-C cable included, setup is simple and straightforward. The docking station's top accessible expansion bay allows for easy installation of drives, making data transfers and backups convenient. Whether for personal or professional use, this product is an essential tool for managing storage efficiently.
