

CPU COOLER S_MULTI/SPARTAN 5 ARGB EY3A002 ENDORFY

Modelis: EY3A002

Gamintojas: ENDORFY

EAN: 5903018665795

Prekės kodas: 99527

24.99€

The ENDORFY Spartan 5 ARGB looks cool and is as quiet as your BFFs during the premiere of your favorite series' episode. And it keeps the low temperature of the CPU, obviously.

At its highest point, the ENDORFY Spartan 5 ARGB is 14.6 cm tall — enough to fit into compact cases and spice them up with ARGB lighting. The juicy colorful glow is sponsored by a 120 mm Fluctus ARGB fan, which we combined with a densely finned heatsink. With such a combo, you can squeeze the last juices out of your CPU without worrying that the screen will suddenly light up blue.

The ENDORFY Spartan 5 ARGB is also compatible with many sockets (from older ones like AM2 and LGA1156 to AM5 and LGA1700) and tall RAM sticks. Thanks to our cheat sheet video instruction, you can set it up in mere minutes.

Quite quiet

The Spartan 5 ARGB is so quiet that during tests we checked every now and then whether the computer works at all. And no wonder — we designed it in such a way that it does not make noise even when it has a lot on its plate CPU.

A constant stream of airflow is supplied by the award-winning 120 mm Fluctus ARGB fan.

The blades have been shaped in such a way as to blow as much air as possible through the densely arranged heatsink fins. Each blade has a wavy edge, which further reduces fan noise (psychoacoustic optimizations used in Fluctus fans are patent pending).

Fire up the colorful air conditioning

The Spartan 5 ARGB is like a colorful air conditioning for your burning CPU. It works great whenever it's (literally) hot – for example, in the midst of a heated skirmish or while rendering 3D graphics.

We've even heard that some people like to cool their tired feet with it, but we cannot recommend it.

Such effective cooling is possible thanks to the heatsink with dense ribbing, which collects thermal energy well. The optimized base with direct-touch heat pipes drastically improves the dissipation of heat.

OMG, it's double ARGB rainbow!

If you dream of a double ARGB rainbow on your desk, it's high time to make friends with the Spartan 5 ARGB cooler. Its backlight creates a colorful glow, which you can adjust to fit the look of your battle station.

With the ARGB backlight, you can easily match the look of your cooler to your other components and peripherals. Choose from a wide variety of colors, or even set a specific illumination effect, including a shimmering rainbow or pulsating waves.

The Spartan 5 ARGB performs just as well as its non-ARGB counterpart. We don't compromise on performance for cool looks.

Assembly in a moment

You can literally mount the Spartan 5 ARGB in a moment without additional fancy tools. Together with the cooler, we've released video instructions that will guide you step by step through the whole process.

By the way, we've taken care of the usually hardest things — we've preinstalled a 120 mm Fluctus ARGB fan for you — so you'll be able to handle the whole process easily, even if it's your first time assembling a PC.

6-year warranty

We have been in the industry for a long time, and we know that the ENDORFY logo = high quality that cannot be faked. That's why with the Spartan 5 ARGB cooler you get a long, 6-year warranty (although you probably won't use it anyway).

- Cost-effective CPU cooling
- Compact design
- Integrated Fluctus ARGB fan
- Extended fan speed range
- Bright ARGB LED illumination
- Easy and rapid installation

Summary: ENDORFY Spartan 5 ARGB. Type: Air cooler, Fan diameter: 12 cm, Bearing type: Fluid Dynamic Bearing (FDB). Voltage: 12 V. Width: 146 mm, Depth: 125 mm, Height: 65 mm. Product colour: Black | Vendor Homepage: <https://endorfy.com/en/product/spartan-5-argb/> | Bearing type: Fluid Dynamic Bearing (FDB) | Fan diameter: 120 | Fan speed (max): 1500 | Fan speed (min): 250 | Mean time between failures (MTBF): 100000 | Quantity per pack: 1 | Suitable location: Processor | Supported processor sockets: Socket AM2/Socket AM2+/Socket AM3/Socket AM3+/Socket AM4/Socket AM5/Socket FM1/Socket FM2/Socket FM2+/Socket sTRX4 | Type: Air cooler | Fan connector: 4-pin | Illumination LED: Yes | LED connector type: 3-pin | Number of fans: 1 | Product colour: Black | LED voltage: 5 | Rated current: 0.23 | Thermal Design Power (TDP): 160 | Voltage: 12 | Depth: 125 | Height: 65 | Package depth: 113 | Package height: 184 | Package weight: 565 | Package width: 153 | Weight: 440 | Width: 146 | Mounting kit: Yes | Model: EY3A002 | Model name: Spartan 5 ARGB | Units per Pallet: 0 | Units per Shipping Box: 20 | Unit Calculated Volume: 0.003854 | Unit Calculated Weight: 0.65
