## Aprašymas

Bring the blockbuster experience into your living room with this Hisense home cinema system. It’s got 4 built-in speakers for really immersive sound, and has plenty of power to ramp up those edge of your seat moments even more – just try not to spill the popcorn. Those high action car chases and epic shootouts will feel like they’re happening all around you, because this model has clever tech to spread the sound in all directions – it can even tweak the settings to best fit whatever’s on. Cool stuff. And the best part? Setting it up will be a doddle too, so you won’t be waiting around to get your film night up and running.
